Open Letter to the Elders and Knowledge Keepers of Goodfish Lake

Dear Elders,

Re: Invitation to participate – Elders Advisory Committee

We are writing on behalf of ourselves, the Elders Advisory Committee in Saddle Lake Cree Nation to invite you to participate in our discussions about the current issues facing First Nations and to become involved in our work to support strong governance based upon the Inherent and Treaty Rights of our peoples.

We meet weekly on Wednesday's from 10 until 2 each time. Currently we are reviewing the laws and processes related to our current Constitutional documentation. We are also spending considerable time in discussion about the current Government of Canada approaches to get rid of the Indian Act and their ongoing work to establish new legislation and a Recognition and Implementation of Rights Framework.

We look forward to hearing from you and your participation in our work. For further questions, please contact us through our support team, Ms. Janice Redcrow, Ms. Sunset Quinney or Ms. Norma Large at 780-726-3829.

Sincerely yours,

Elders Advisory, onihcikiskwapowin – Saddle Lake Cree Nation
